- **Soft Skills:** Problem-Solving Skills, Time Management, Adaptability

PROJECTS

1. Online Food Ordering System

Oct 2024 – Dec 2024

- Designed and developed a database-driven Online Food Ordering System using DBMS concepts.
- Created ER diagrams and relational schemas for efficient data organization.
- Implemented CRUD operations (Create, Read, Update, Delete) for managing users, restaurants, menu items, orders, and payments.
- Ensured data consistency and security through constraints, normalization, and access control.
- Wrote optimized SQL queries, stored procedures, and triggers for smooth database operations.

2. E-Commerce Website

Jan 2025 – March 2025

- Designed and developed a responsive E-Commerce website using HTML, CSS, JavaScript, and Bootstrap.
- Created an intuitive and user-friendly UI for seamless navigation and shopping experience.
- Implemented dynamic product listings, shopping cart functionality, and user authentication.
- Ensured cross-browser compatibility and mobile responsiveness for a better user experience.
